# Our Story

A beloved family home, owners Claire and Richard married at Upton Barn in 2013, after transforming the farm to create the perfect backdrop for their outdoor wedding ceremony in the Walled Garden. They wanted somewhere that was unique and full of meaning; somewhere that was completely exclusive and somewhere that just 'felt' like them. From that very day, [#ThatUptonFeeling](#) was born.

Upton Barn has since carved a very special place in Claire & Richard's hearts and they are never happier than when their family home is filled with love, laughter and partying. As a team, we want to provide you with a setting that feels like 'home', ensuring your wedding day encapsulates the things that mean the most to you, surrounded by the people who truly matter.

Upton Barn isn't just a wedding venue with four walls and a roof. It's a place where you can celebrate, relax and create the most amazing memories with your favourite people.

It's [#ThatUptonFeeling](#).

"I cannot rate this venue high enough! What an amazing place. Only made even better by the perfect owners Claire and Richard! Upton Barn is an experience, like walking into your home. So welcoming and warm. The barns, gardens and grounds are stunning. Claire and Richard are so accommodating to your every need and wish. Our day was magical, and everything we could ever of dreamed of and more. This should be everyone's venue."

**Mrs Katie Groody**

A hidden gem set amongst a patchwork of fields and rolling hills in Devon, Upton Barn is made up of an enchanting walled garden filled with lavender, an idyllic lake (are you imagining the photograph opportunities already?), the dreamiest woodland accommodation pods and even our resident horses!

Each footstep is infused with warmth, while every corner of our wedding venue is just asking to be explored.

“Upton Barn exceeded every expectation we had. It is a truly exceptional wedding venue with an incredible team behind it. We couldn’t have imagined a more perfect place to celebrate our wedding, and would recommend this venue to anyone looking for somewhere to get married.”

**Jay & Jessie**

Over the years, we've loved bringing new life to traditional, old buildings, and we believe Upton Barn is at its best when it's filled with wining, dining, dancing, laughing and a whole lot of love. Registered for civil ceremonies in both The Cider Barn and The Arbour in the Walled Garden, Upton Barn really is a wedding venue for any season. For couples who are seeking a traditional church ceremony, we are lucky enough to have some beautiful churches on our very doorstep, and can accommodate your reception following your ceremony.

We are completely flexible and encourage you to include oodles of personal touches and meaningful details to your day. Creating a wedding that could only ever belong to *you*...

## *The Walled Garden*

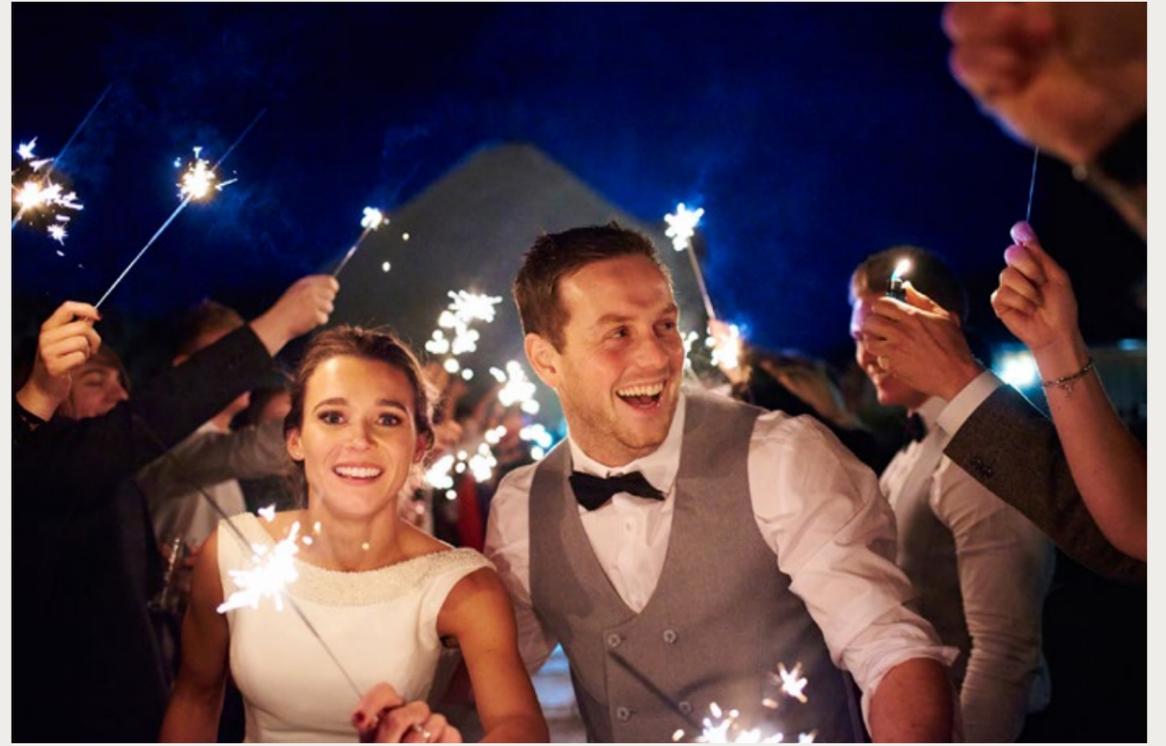

Step through the secret doorway and experience the enchanting [Walled Garden](#) at Upton Barn...

Recognised across the South West for our romantic Walled Garden, it is home to unrivalled views across the Blackdown Hills and a variety of gorgeous mature flowers and greenery. The aisle is lined with lavender while our handcrafted glazed oak arbour awaits your vows. A table is provided for you to sign the register, as well as a microphone and discreetly hidden speakers so that you can play your preferred music.

There's space for your guests to mingle in the sunshine ahead of your ceremony, or to enjoy canapés and cocktails in the sunshine on the terrace after that all-important 'I Do' moment. The Walled Garden remains just as beautiful as the evening draws in, with twinkling lights and crackling fire baskets providing a magical setting for your celebration under the stars.

## *The Cider Barn*

The Walled Garden really is just the start of it here at Upton Barn...

Licensed for indoor civil ceremonies with space for up to 156 guests, The Cider Barn is a traditional cob barn that has been lovingly restored with flying oak trusses and locally crafted chandeliers. With views across the gardens and extensive countryside, it always provides a 'take your breath away' reaction as you walk in and nothing beats seeing the smiles on our couples' faces.

When it comes to music, we have a sophisticated sound system or there is ample room for a string quartet harpist or even a small choir. After you've tied the knot, guests can move into the Press Bar for one of our infamous cocktails or you can enjoy sipping champagne in the Walled Garden - the choice is yours!

The Cider Barn is also available to use for your evening reception, with a raised 'stage' area for your band or DJ and plenty of room on the dancefloor for your guests to get the party started.

## *The Press Bar*

The Press Bar adjoins The Cider Barn and Walled Garden, offering a Hygge-inspired area for you and your loved ones to relax and unwind over a gin and tonic. Headed by our fabulous team, the bar is open from the minute your guests arrive and stays open throughout your reception and breakfast until midnight. We want you to have your wedding day, exactly the way you want it to be, so you can either have a free bar, a pay bar or perhaps a little bit of both. You'll be pleased to know that we also have a selection of locally produced cider including Sandford Orchard's award-winning 'Devon Mist' on tap, not to mention our signature Upton cocktails!

“Our wedding day was absolute perfection – every detail was beyond our expectations and we couldn’t be happier. The Walled Garden was simply breathtaking – such a magical setting for our ceremony. The Stable Barn for the wedding breakfast was spectacular. It’s not just about the aesthetics though, the ambience is just dreamy, creating the perfect setting for a wholesome, fun, fairytale wedding day!”

**Antonia & Ilham**

## *The Stable Barn*

Originally the stables at Upton Barn, we transformed the space in 2017 and it is now fondly known as The Stable Barn. A true architectural inspiration, the room effortlessly complements the original Cider Barn and Press Bar, boasting striking light installations that were commissioned by a local blacksmith, as well as warm timber panelling, views across the paddocks and of course, a well-stocked bar! The Stable Barn has been designed to add further flexibility and versatility to your wedding day, and seats up to 156 guests for you to feast with your friends and family.

## *The Foundry*

A bold new chapter for Upton Barn & Walled Garden – The Foundry blends modern industrial style with relaxed, open-air vibes. Think rooftop drinks, feasting tables, and fire-cooked food, all set against panoramic views of the Blackdown Hills.

The Foundry offers even more flexibility to our couples, blending relaxed dining, sociable grazing, and theatrical fire-cooked food experiences.

### **CRAFTED FOR CONNECTION**

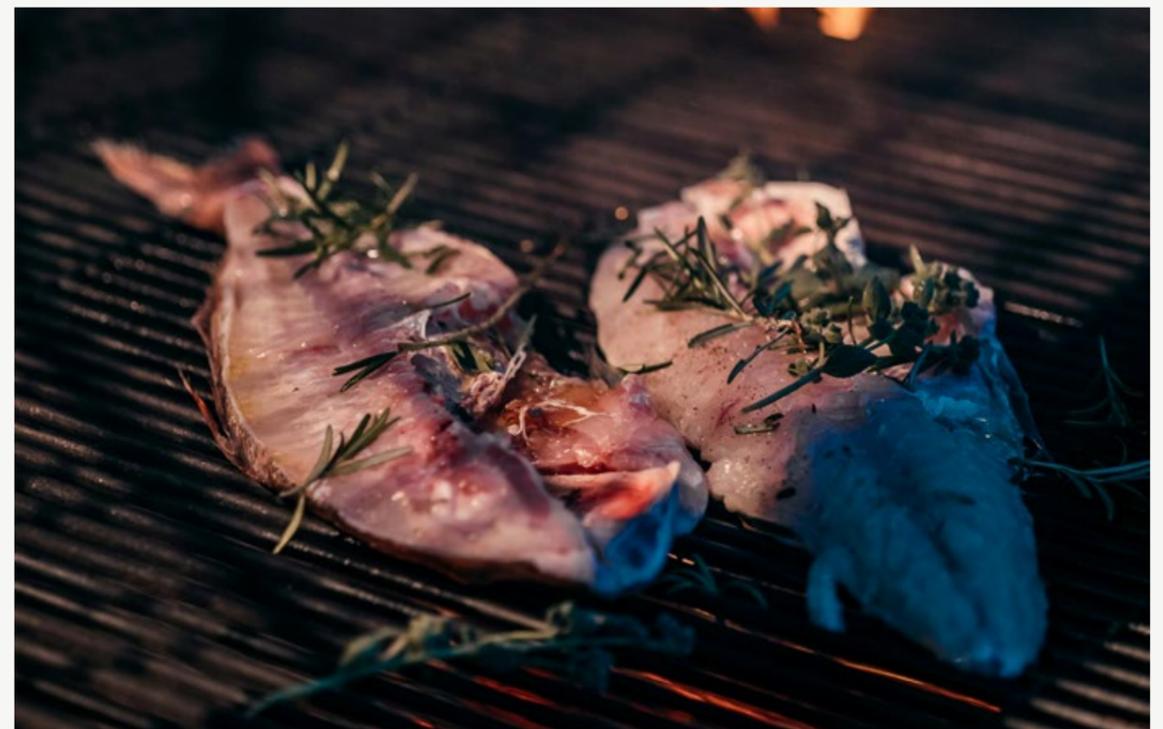

**Live Fire Kitchen** – Designed with Firemade, this outdoor kitchen brings serious theatre. Smoky aromas, open flames, and food cooked live in front of your guests adding a vibrant and social element to your event.

**Indoor Meets Outdoor** – Industrial beams, feasting tables, and a cosy bar set the scene. With its adjustable glass walls, the space adapts with the weather, enjoy sweeping views of the countryside in all seasons and feel connected to the outdoors.

**Rooftop Terrace** – Elevated views, epic sunsets, and the perfect spot for post-ceremony drinks.

### **WHY THE FOUNDRY?**

It's a vibe. Relaxed, immersive, and totally different from the traditional. The Foundry brings a fresh energy to Upton. Think social, interactive, and full of warmth and character. Perfect for weddings, private parties, and corporate events – this is where the magic happens.

## *The Tack Room*

We want to give you the full 'Upton' experience, which is why The Tack Room is available for you to enjoy on your wedding day, providing a calm, tranquil space. If you need a few moments away from the limelight, this is the place to relax, refresh and savour the day! Named for our equestrian heritage, it's a haven of comfort and luxury with a focus on attention to detail and impeccable interior design. From the lighting to the mirrors and handbasins, The Tack Room really does have everything you need for the ultimate indulgence Pamper, anyone?

## *The Grounds*

We've said it before and we'll say it again – the grounds and gardens at Upton Barn make it what it is and to this very day, seeing your faces light up as you enjoy a tour of the space never gets old. Blending rustic romance with modern elegance, our 160-acre organic farm is surrounded with glorious countryside at every angle, offering you the chance to escape the hustle and bustle of everyday life.
